

# MULTI-A4

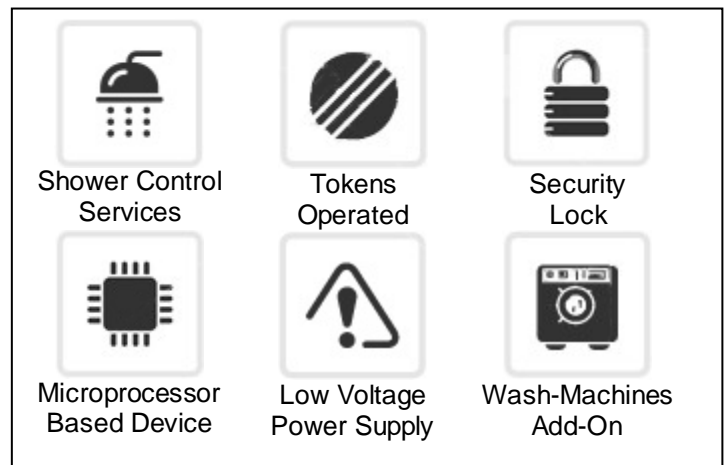

## 4 ways command box

**Multiple output  
token operated machine**

**Easy setup (timings and cost)  
w/o any external programmers**

**Stainless steel case**

Token operated machine especially featured for timed service with payment in multiple output activations, such as laundry or carwash applications. MULTI-A4 machine is powered with a microprocessor based electronics, that controls timings and all operating functions. Timings setup is very simple and can be operated from the owner in easy way. MULTI-A4 provides 4 outputs selected by the relative frontal push button, after token is inserted in the machine. The machine increments timings every token inserted while timings running.

### TECHNICAL REFERENCES

<b>Chassis</b>	Aisi304, Stainless Steel
<b>Protection</b>	IP55
<b>Power Supply</b>	fm 12V to 24V (ac or dc)
<b>Power Ratings</b>	20mA, 80mA (working)
<b>Dimensions</b>	200x300x150 mm
<b>Weight</b>	5kg, packaging excluded
<b>Activation</b>	Printed token
<b>Timer</b>	Microprocessor based
<b>Timings</b>	fm 1 sec. to 24 hrs
<b>Output</b>	No.4 NO 30VDC, 1Amp Relay
<b>Input</b>	No.4 frontal push-button
<b>Tokens Cap.</b>	400 pcs
